

## CONTENTS

## PART I

## GENERAL ACCOUNT

CHAP.		PAGE
I.	INTRODUCTORY . . . . .	3
II.	THE MORPHOLOGICAL DISTRIBUTION OF ANTHOCYANINS	20
III.	THE HISTOLOGICAL DISTRIBUTION OF ANTHOCYANINS	32
IV.	THE PROPERTIES AND REACTIONS OF ANTHOCYANINS	46
V.	THE ISOLATION AND CONSTITUTION OF ANTHOCYANINS	59
VI.	PHYSIOLOGICAL CONDITIONS AND FACTORS INFLUENCING THE FORMATION OF ANTHOCYANINS . . . . .	82
VII.	REACTIONS INVOLVED IN THE FORMATION OF ANTHOCYANINS . . . . .	105
VIII.	THE SIGNIFICANCE OF ANTHOCYANINS . . . . .	129

## PART II

## ANTHOCYANINS AND GENETICS

CLASSES OF VARIATION . . . . .	147
DETAILS OF CASES OF MENDELIAN INHERITANCE IN COLOUR-VARIETIES . . . . .	157
CONNECTION OF FLOWER-COLOUR WITH THE PRESENCE OF ANTHOCYANIN IN VEGETATIVE ORGANS, FRUITS AND SEEDS	190
HETEROZYGOUS FORMS . . . . .	194
PATTERN IN COLOUR-VARIATION . . . . .	196
STRIPED VARIETIES AND BUD-VARIATION . . . . .	198
BIBLIOGRAPHY . . . . .	208
INDEX . . . . .	300
