	anatomy 174	tricuspid regurgitation (TR) 301–2
	stenosis 443–4	tricuspid stenosis 303
	succinylcholine 194–5, 494	truncal blocks 228
	superficial peroneal nerve	truncus arteriosus 377
	block 229	tumors
	superior vena cava (SVC)	abdominal, <i>see</i> abdominal tumor
	syndrome 475	brain, <i>see</i> brain tumors
	supraclavicular block 228	cardiac 300
	supraglottic airway devices 232	spinal cord 318
	fiberoptic-guided	twins, fetal surgery
	intubation 237	indications 396
	supraorbital nerve 178	ulnar nerve 179
	supratentorial tumors, <i>see</i> brain tumors	ultrasonography
	supratrochlear nerve 178	guided intubation, airway
	supraventricular arrhythmias	management 238
	304–6	peripheral nerve blocks 227
	supraventricular tachycardia (SVT)	regional anesthesia 221–2
	76–7, 304–5	umbilical hernia 331
	reentrant 305	Univent tube 472
	sural nerve block 229	upper airway obstruction 41–2
	surfactant 231	adenotonsillectomy and 440
	syndrome of inappropriate antidiuretic hormone secretion (SIADH) 346, 349	Down syndrome 278
		upper extremity blocks 228
		upper respiratory tract infections
		259–61
		ENT surgery and 437
	systemic inflammatory response system (SIRS) 492	
	temperature, monitoring 248	
	tension pneumothorax 35–6	
	tetralogy of Fallot 375–6	
	spells 78–9, 376	
	thalassemia 360	
	thermoregulation 172	
	thiopental 186	
	thoracic surgery 469–73	
	indications 469–70	
	intraoperative	
	considerations 470–1	
	lung isolation, <i>see</i> lung isolation	
	mediastinal masses,	
	<i>see</i> mediastinal masses	
	pathophysiology 470	
	pectus excavatum repair 479–80	
	preoperative considerations 469	
	preoperative preparation 470	
	video thoracoscopic	
	procedures, <i>see</i> video-assisted	
	thoracoscopic procedures	
	thrombocytopenia 361	
	thrombocytopenic purpura,	
	idiopathic (ITP) 361	
	thrombopoiesis 355	
	thrombotic pulmonary	
	embolism 80–1	
	thyroid gland 339–40	
	disorders 351–2	
	Down syndrome and 279	
	hyperthyroidism	
	(thyrotoxicosis) 120–2,	
	342–3, 351–2	
	hypothyroidism 343–4,	
	345, 352	
	perioperative	
	management 352	
	thyroid storm 343	
	thyrotoxicosis (hyperthyroidism)	
	120–2, 342–3, 351–2	
	tibial nerve 180	
	tibial nerve block 229	
	tissue expanders 459	
	tonsillitis, recurrent 439	
	total anomalous pulmonary venous	
	return 377	
	total body water and fluid	
	compartments 210

	tourniquet use, orthopedic	
	surgery 430–1	
	tracheostomy 442–3	

intraoperative management 260–1	phenylephrine 200	ventriculoperitoneal (VP) shunt
preoperative assessment 260	vasopressin 200	418, 419
urologic surgery 496–7	vasodilators 201	vertebral column
common procedures 496–7	inhaled nitric oxide 201	anatomy 175
emergency procedures 496	nitroglycerin 201	caudal space anatomy 176
intraoperative	nitroprusside 201	epidural space anatomy 176
considerations 497	phentolamine 201	spinal cord 175–6
preoperative considerations 496	prostaglandin E ₁ 201	video-assisted thoracoscopic
	vasopressin 200	procedures 478–9
VACTERL/VATER syndrome 281	vecuronium 196	advantages 478
valvular disorders 301–4	vein of Galen malformations 317	complications 479
aortic insufficiency 302	velocardiofacial (Di-George)	pre-/intraoperative
mitral regurgitation 301	syndrome 282	management 478–9
pulmonary stenosis 303	veno-arterial (VA) cannulation,	vocal cords, anatomy 174
pulmonic insufficiency 302	ECMO 271	volume overload 308
regurgitant lesions 301, 302	venous air embolism 82–3	volvulus 330
stenotic lesions 302–3	veno-venous (VV) cannulation,	vomiting, postoperative,
tricuspid regurgitation 301–2	ECMO 271	see postoperative nausea and
vascular access	ventilation	vomiting (PONV)
Down syndrome 279	difficult 14–16	Von Willebrand disease (vWD)
inability to obtain 57–8	resuscitation 244	363–4
renal transplantation 488	see also airway management	
resuscitation 244–5, 268	ventricular arrhythmias 306	water, see fluid management
trauma patients 490	ventricular fibrillation 84–5, 306	Williams syndrome 282
vascular malformations 316–17	ventricular septal defect	Wilms tumor
vasoconstrictors 200	(VSD) 372–3	(nephroblastoma) 331
norepinephrine 200	ventricular tachycardia 86–7, 306	Wis-Hipple blade 235
