CAMBRIDGE LIBRARY COLLECTION

Books of enduring scholarly value

History

The books reissued in this series include accounts of historical events and movements by eye-witnesses and contemporaries, as well as landmark studies that assembled significant source materials or developed new historiographical methods. The series includes work in social, political and military history on a wide range of periods and regions, giving modern scholars ready access to influential publications of the past.

The Works of Thomas Carlyle

Thomas Carlyle (1795–1881) was one of the most influential authors of the nineteenth century. Eagerly studied at the highest level of intellectual society, his satirical essays and perceptive historical biographies caused him to be regarded for much of the Victorian period as a literary genius and eminent social philosopher. After graduating from Edinburgh University in 1814, he published his first scholarly work on German literature in 1824, before finding literary success with his ground-breaking history of the French Revolution in 1837. After falling from favour during the first part of the twentieth century, his work has more recently become the subject of scholarly re-examination. His introduction of German literature and philosophy into the British intellectual milieu profoundly influenced later philosophical ideas and literary studies. These volumes are reproduced from the 1896 Centenary Edition of his collected works. Volume 16 contains the fifth volume of *The Life of Frederick the Great*.

Cambridge University Press has long been a pioneer in the reissuing of out-of-print titles from its own backlist, producing digital reprints of books that are still sought after by scholars and students but could not be reprinted economically using traditional technology. The Cambridge Library Collection extends this activity to a wider range of books which are still of importance to researchers and professionals, either for the source material they contain, or as landmarks in the history of their academic discipline.

Drawing from the world-renowned collections in the Cambridge University Library, and guided by the advice of experts in each subject area, Cambridge University Press is using state-of-the-art scanning machines in its own Printing House to capture the content of each book selected for inclusion. The files are processed to give a consistently clear, crisp image, and the books finished to the high quality standard for which the Press is recognised around the world. The latest print-on-demand technology ensures that the books will remain available indefinitely, and that orders for single or multiple copies can quickly be supplied.

The Cambridge Library Collection will bring back to life books of enduring scholarly value (including out-of-copyright works originally issued by other publishers) across a wide range of disciplines in the humanities and social sciences and in science and technology.

CONTENTS OF VOLUME V

BOOK XV

SECOND SILESIAN WAR, IMPORTANT EPISODE IN THE GENERAL
EUROPEAN ONE, 1744-1745

CHAP.	PAGE
I. PRELIMINARY: HOW THE MOMENT ARRIVED . . .	1
Prince Karl gets across the Rhine (20th June-2d July 1744), p. 3.	
Friedrich decides to intervene, 8.	
II. FRIEDRICH MARCHES UPON PRAG, CAPTURES PRAG . . .	12
III. FRIEDRICH, DILIGENT IN HIS BOHEMIAN CONQUESTS, UNEXPECTEDLY COMES UPON PRINCE KARL, WITH NO FRENCH ATTENDING HIM	22
Friedrich, leaving small Garrison in Prag, rushes swiftly up the Moldau Valley, upon the Tabor-Budweis Country; to please his French Friends, p. 24.	
The French are little grateful for the Pleasure done them at such ruinous Expense, 29.	
IV. FRIEDRICH REDUCED TO STRAITS; CANNOT MAINTAIN HIS MOLDAU CONQUESTS AGAINST PRINCE KARL	34
Friedrich tries to have Battle from Prince Karl, in the Moldau Countries; cannot, owing to the Skill of Prince Karl or of old Feldmarschall Traun;—has to retire behind the Sazawa, and ultimately behind the Elbe, with much Labour in Vain, p. 36.	
Friedrich's Retreat; especially Einsiedel's from Prag, 44.
