CAMBRIDGE LIBRARY COLLECTION

Books of enduring scholarly value

History

The books reissued in this series include accounts of historical events and movements by eye-witnesses and contemporaries, as well as landmark studies that assembled significant source materials or developed new historiographical methods. The series includes work in social, political and military history on a wide range of periods and regions, giving modern scholars ready access to influential publications of the past.

The Life of Napoleon Buonaparte, Emperor of the French

Sir Walter Scott (1771–1832) was a prolific Scottish poet and historical novelist who was one of the most popular romantic novelists of the nineteenth century. After studying law at Edinburgh University, Scott first started writing at the age of 25. Having made his name as a poet, he wrote the phenomenally successful novel *Waverley* in 1814 and was made a baronet in 1820. These volumes, first published in 1827, contain Scott's detailed biography of Napoleon Bonaparte (1769–1821). Including a detailed review of the French Revolution, Scott focuses on Napoleon's legacy to France and his military genius, purposefully remaining non-partisan and discussing Napoleon's life and achievements without bias. The result of extensive research and correspondence with Napoleon's surviving colleagues, these volumes were extremely successful and remain valuable for the study of Napoleon's life and changing public reaction. Volume 7 covers 1809–1812, including Napoleon's Russian campaign.

Cambridge University Press has long been a pioneer in the reissuing of out-of-print titles from its own backlist, producing digital reprints of books that are still sought after by scholars and students but could not be reprinted economically using traditional technology. The Cambridge Library Collection extends this activity to a wider range of books which are still of importance to researchers and professionals, either for the source material they contain, or as landmarks in the history of their academic discipline.

Drawing from the world-renowned collections in the Cambridge University Library, and guided by the advice of experts in each subject area, Cambridge University Press is using state-of-the-art scanning machines in its own Printing House to capture the content of each book selected for inclusion. The files are processed to give a consistently clear, crisp image, and the books finished to the high quality standard for which the Press is recognised around the world. The latest print-on-demand technology ensures that the books will remain available indefinitely, and that orders for single or multiple copies can quickly be supplied.

The Cambridge Library Collection will bring back to life books of enduring scholarly value (including out-of-copyright works originally issued by other publishers) across a wide range of disciplines in the humanities and social sciences and in science and technology.

v

Napoleon's engagements with Austria.—An attempt to excite
Insurrection in Lithuania also fails, 203

CHAPTER IX.

Proceedings of the Army under Prince Bagration.—Napoleon's
manœuvres against him.—King Jerome of Westphalia is dis-
graced for alleged inactivity.—Bagration is defeated by Da-
voust, but succeeds in gaining the interior of Russia, and re-
establishing his communication with the Grand Army—which
retreats to Drissa.—Barclay and Bagration meet at Smolensk
on the 20th July.—The French Generals become anxious that
Napoleon should close the Campaign at Witepsk for the sea-
son.—He persists in proceeding.—Manœuvres of both Armies
in regard to Smolensk.—It is evacuated by De Tolly, after
setting fire to the place.—Reduced condition of the French,
and growing strength of the Russian Armies.—Peace effected
between Russia, and England, Sweden, and Turkey.—Napo-
leon resolves to advance upon Moscow, 234

CHAPTER X.

Napoleon detaches Murat and other Generals in pursuit of the
Russians.—Bloody, but indecisive Action, at Valloutina.—
Barclay de Tolly's defensive system relinquished, and Kou-
tousoff appointed to the chief command of the Russian Army.
—Napoleon advances from Smolensk.—Battle of Borodino
fought, on 5th September.—Victory remains with the French,
but without affording them any essential service.—Prince Ba-
gration among the slain.—Koutousoff retreats upon Mojaisk,
and thence upon Moscow.—Napoleon continues his advance
on the 12th.—Count Rostopchin, Governor of Moscow—His
Character.—The Russians abandon Moscow, which is evacu-
ated by the Inhabitants, after the removal of the Archives and
Public Treasures, and the emptying of the Magazines.—On
the 14th September, the Grand Russian Army marches through
Moscow.—Last public Court of Justice held there by Rostop-
chin, after which he follows the march of the Army, 263
