## CAMBRIDGE LIBRARY COLLECTION

*Books of enduring scholarly value*

### History

The books reissued in this series include accounts of historical events and movements by eye-witnesses and contemporaries, as well as landmark studies that assembled significant source materials or developed new historiographical methods. The series includes work in social, political and military history on a wide range of periods and regions, giving modern scholars ready access to influential publications of the past.

### Summary of the Administration of the Indian Government

When the Army officer and politician Francis Rawdon-Hastings (1754–1826) arrived in Calcutta to serve as Governor-General in October 1813, British India comprised three presidencies and was beset by problems relating to warring states, weakened armed forces, insufficient funds, and rebellious Gurkhas and Maratha chieftains. This brief first-person account discusses these problems, touching especially on the war against Nepal (1814–16) – after which the Governor-General was created First Marquess of Hastings – and the offensive operations against Pindari raiders and restive chieftains in the Third Anglo-Maratha War (1817–18). First published in 1824 to justify Hastings' political, military and financial conduct in office, this work offers direct insight into a colonial leader's mentality and the strategic thinking behind the expenditure of blood and money for the furtherance of British imperialism.

Cambridge University Press has long been a pioneer in the reissuing of out-of-print titles from its own backlist, producing digital reprints of books that are still sought after by scholars and students but could not be reprinted economically using traditional technology. The Cambridge Library Collection extends this activity to a wider range of books which are still of importance to researchers and professionals, either for the source material they contain, or as landmarks in the history of their academic discipline.

Drawing from the world-renowned collections in the Cambridge University Library and other partner libraries, and guided by the advice of experts in each subject area, Cambridge University Press is using state-of-the-art scanning machines in its own Printing House to capture the content of each book selected for inclusion. The files are processed to give a consistently clear, crisp image, and the books finished to the high quality standard for which the Press is recognised around the world. The latest print-on-demand technology ensures that the books will remain available indefinitely, and that orders for single or multiple copies can quickly be supplied.

The Cambridge Library Collection brings back to life books of enduring scholarly value (including out-of-copyright works originally issued by other publishers) across a wide range of disciplines in the humanities and social sciences and in science and technology.

## ADVERTISEMENT.

IN the absence of the Marquess of Hastings, his friends have deemed it expedient to print some copies of the following Summary of his Lordship's Administration in India, with a view to the information of the Proprietors of India Stock. A transcript of this Document was left in the hands of some of his Lordship's Friends, and of certain of the Public Authorities, previously to his late departure from the country.
