INDEX

TO THE BOOKS AND PAMPHLETS,
AND THEIR ILLUSTRATIONS.

[The long series of Books and Pamphlets being arranged in Chronological Order, an Index is absolutely necessary to facilitate reference. As, however, the contents of most of the other Divisions, including the Book-Plates, Cuts for Societies, Companies and Exhibitions, and Trade and Commercial Cuts of various descriptions—a complete List of which, together with their places in the Volume, will be found in the Table of Contents—are placed Alphabetically, an Index to these, which would necessarily be very voluminous, is less essential.]
