INDEX OF PROPER NAMES AND PLACE NAMES.

[Note.—A special list of Egyptian names of places will be found on page [98]. Forms found in the papyri, either unusual or incorrect, have (*sic*) occasionally placed after them to prevent their being taken for misprints. The heavy-faced numerals refer to the pages of the Introduction; those enclosed in square brackets to the pages of the text; those in parentheses to some sub-division on those pages; and the unenclosed numbers to the lines of the text.]
