

Honey makes things taste sweet.  
It is made by bees.

People started to use honey  
thousands of years ago.

They learned how to keep bees  
and collect their honey.

*In England,  
they kept bees  
in baskets.*

*In Egypt, they kept bees  
in clay pots.*

## ***In the Hive***

Bees live together in a hive.

They make **honeycomb** in the hive.

Honeycomb is made of **beeswax**.

*The honeycomb is  
made up of hexagons.*
