Chapter 1 A Brief Orientation to Research Methods and Statistics
for the Social and Behavioral Sciences 1

John E. Edlund and Austin Lee Nichols

Part One: Performing Good Research 19

Chapter 2 Reliability and Validity of Measurement in the
Social and Behavioral Sciences 21

Michael F. Wagner and John J. Skowronski

Chapter 3 Performing Research in the Laboratory 38

Austin Lee Nichols and John E. Edlund

Chapter 4 Field Research 53

Sinikka Elliott

Chapter 5 Using the Internet for Research 68

Rosanna E. Guadagno

**Part Two: Understanding Issues Present Throughout
the Research Process** 83

Chapter 6 Issues in Informed Consent 85

David S. Festinger, Karen L. Dugosh, Esther Choi, and Chloe Sierka

Chapter 7 Participant Preknowledge and Attitudes in Research 103

Elena C. Papanastasiou

Chapter 8 Experimenter Effects 115

David B. Strohmets

Chapter 9 Suspicion Probes and Debriefing in the Social
and Behavioral Sciences 129

Ginette C. Blackhart and Travis D. Clark

Contents

- Part Three: The Social and Behavioral Scientist's Toolkit** 145
- Chapter 10** Physiological Measures 147
Eric J. Vanman and Michael C. Philipp
- Chapter 11** Eyetracking Research 168
Jeff B. Pelz
- Chapter 12** Questionnaire Design 191
Heather M. Stassen and Heather J. Carmack
- Chapter 13** Reaction Time Measures in the Social and Behavioral Sciences: Speed Matters 209
Jeremy D. Heider and Jason T. Reed
- Part Four: Emerging Issues in Social and Behavioral Science Research** 227
- Chapter 14** Replications and the Social and Behavioral Sciences 229
Courtney K. Soderberg and Timothy M. Errington
- Chapter 15** Research Ethics for the Social and Behavioral Sciences 244
Ignacio Ferrero and Javier Pinto
- Chapter 16** Interdisciplinary Research 258
Rachel Adams Goertel, James P. Goertel, and Mary G. Carey
- Chapter 17** Cross-Cultural Research 274
Fons J. R. van de Vijver
- Part Five: New Statistical Trends in the Social and Behavioral Sciences** 287
- Chapter 18** A Gentle Introduction to Bayesian Statistics 289
Milica Miočević and Rens van de Schoot
- Chapter 19** Development and Applications of Item Response Theory 309
Clifford E. Hauenstein and Susan E. Embretson
- Chapter 20** Social Network Analysis 328
Sebastian Leon Schorch and Eric Quintane
- Chapter 21** Meta-Analysis: An Introduction 346
Gregory D. Webster
- Appendix A Metafor Package R Code for Meta-Analysis Examples 365
- Index 368
