PROMPT Training Permissions and Licences

Units or institutions paying for a multi-professional team to attend an authorised PROMPT Train the Trainers (T3) day are only permitted to run PROMPT multi-professional obstetric emergencies training courses, using PROMPT course materials, within their own unit or institution.

Any PROMPT training conducted outside the unit or institution that has permission (see above) requires a licence from the PROMPT Maternity Foundation (PMF), e.g. a professional organisation or body wishing to roll out PROMPT training within a region or country, or a unit wishing to run PROMPT training at other hospitals outside of their own hospital group.

PMF is happy to discuss licensing arrangements or answer any questions relating to training permissions at any time. Please contact info@promptmaternity.org giving details of the training that is proposed.

Any training tools within this manual are based on national guidance where available, but PMF is not a national body. Therefore, we would advise that to use these tools locally, they should be approved by your governance structures after adapting for local use.

Registered names: The use of registered names, trademarks, etc. in this publication does not imply, even in the absence of a specific statement, that such names are exempt from the relevant laws and regulations and therefore free for general use.

The rights of Cathy Winter, Joanna Crofts, Timothy Draycott and Neil Muchatuta to be identified as Authors of this work on behalf of the PROMPT Maternity Foundation have been asserted by them in accordance with the Copyright, Designs and Patents Act, 1988.
