Every effort has been made in preparing this book to provide accurate and up-to-date information
that is in accord with accepted standards and practice at the time of publication. Although case
histories are drawn from actual cases, every effort has been made to disguise the identities of the
individuals involved. Nevertheless, the authors, editors, and publishers can make no warranties
that the information contained herein is totally free from error, not least because clinical
standards are constantly changing through research and regulation. The authors, editors, and
publishers therefore disclaim all liability for direct or consequential damages resulting from the
use of material contained in this book. Readers are strongly advised to pay careful attention to
information provided by the manufacturer of any drugs or equipment that they plan to use.
