Abbe, Ernst, 116–117
abstract concepts
  understanding in children, 13
Achterberg, Cheryl, 124–126
action
  role in meaningful learning, 12–13
active learning, 102
  programs in colleges and universities, 134–136
  promoting social responsibility, 136–137
  work of John Dewey, 117–118
advance organizers, 75
Armstrong, Elizabeth, 144–145
artificial intelligence (AI), 43
  ICONKAT, 45
assessment
  multiple-choice questions, 117
  National Assessment of Educational Progress (NAEP), 129–130
  objective testing, 126–127
  problems with, 126–129
  test reliability, 127–128
  test validity, 127–128
  True–False questions, 117
assimilation theory of cognitive learning. *See* Ausubel, David
astrobiology research program (NASA)
  concept maps, 59–63
Audio-tutorial (A-T) instruction, 13, 15–20
Ausubel, David, 9
  advance organizers, 75
  application of his learning theory, 76–83
  Assimilation Theory of Learning, 5–13, 17, 35, 37, 53, 74–76, 79, 92
  comment on the work of Joseph Novak, 96–97
  meaningful learning, 90
  obliterative subsumption principle, 6
  progressive differentiation principle, 6
  subsumption principle, 6
  superordinate learning, 90
autonomous vehicles, 148–150
Bartlett, Frederic, 74
behavioral psychology, 4–5, 9–10, 74
Berman, Sarah Black, 145
Big Bang, 61
Bowen, Barbara, 83–85
brain
  connections created during learning, 11–12
  functional Magnetic Resonance Imaging (fMRI), 90–91
  grid cells, 90–91
Bretz, Stacey Lowery, 120–122
Briggs, Geoffrey, 50–51
Bruner, Jerome, 10, 76
Bush, George W., 116
business world
  helping people learn, 51–55

California
  Lompoc public schools, 102–104
Cañas, Alberto, 45–49, 58, 66, 104, 106–107, 110, 155
Cañas, Carmen, 106–107, 110
carbon dioxide
  sources of, 147
Carbonero, M. A., 138–139
children
  ability to understand abstract concepts, 13
  factors in effective meaningful learning, 12–13
  language learning in young children, 1
  why young children learn so quickly, 1–2
China
  educational programs, 110
Chomsky, Noam, 10
climate change, 74
  helping people cope with, 147–150
  physical and social changes associated with, 147–148
clinical interviewing
  wait time for responses, 35
