

THE CAMBRIDGE COMPANION TO
THE GOSPELS

Second Edition

Throughout the history of Christianity, the four canonical gospels have proven to be vital resources for Christian thought and practice, and an inspiration for humanistic culture generally. Indeed, the gospels and their interpretation have had a profound impact on theology, philosophy, the sciences, ethics, worship, architecture and the creative arts. Building on the strengths of the first edition, *The Cambridge Companion to the Gospels*, second edition, takes account of new directions in gospel research, notably: the milieu in which the gospels were read, copied and circulated alongside non-canonical gospels; renewed debates about the sources of the gospels and their interrelations; how central gospel themes are illuminated by a variety of critical approaches and theological readings; the reception of the gospels over time and in various media; and how the gospels give insight into the human condition.

Stephen C. Barton is a theologian with a specialism in New Testament Studies. He was Reader in New Testament in the Department of Theology and Religion at Durham University (1988–2010) and is currently an honorary research fellow of Durham and Manchester universities. His publications include *The Spirituality of the Gospels* (1992), *Discipleship and Family Ties in Mark and Matthew* (1995), *Invitation to the Bible* (1997) and *Life Together: Family, Sexuality and Community in the New Testament and Today* (2001).

Todd Brewer is a New Testament scholar and holds a PhD from Durham University. He is the author of *Hermeneutics and Early Christian Gospels*. He is managing editor for the theology and culture website *Mockingbird* (mbird.com).
