

A Concise History of Revolution

Presenting a new framework for the study of revolutions, this innovative exploration of French, Russian, Chinese, Vietnamese, Cuban, Iranian, South African, and more recent Arab revolutions provides a theoretically grounded and empirically comprehensive demonstration of how revolutions mean more than mere state collapse and rebuilding. Through the examination of multiple historical case studies and the use of extensive historical examples to explore a range of revolutions, Mehran Kamrava reveals the range and depth of human emotion and motivations that are so prevalent and consequential in revolutions, from personal commitment to sacrifice, determination, leadership ability, charisma, opportunism, and avarice.

Mehran Kamrava is Professor and Director of the Center for International and Regional Studies at Georgetown University, Qatar. He is the author of numerous journal articles and books, including *The Modern Middle East: A Political History since the First World War*, 3rd edition (2013), *Qatar: Small State, Big Politics* (2013), *The Impossibility of Palestine: History, Geography, and the Road Ahead* (2016), *Troubled Waters: Insecurity in the Persian Gulf* (2018), and *Inside the Arab State* (2018).

ACKNOWLEDGMENTS

All books are products of collective efforts, and this one is no exception. I wrote this book while serving as the director of the Center for International and Regional Studies of Georgetown University, Qatar. It is no exaggeration to say that I could not have written the book had it not been for the support of CIRS's truly remarkable staff. Colleagues Zahra Babar, Islam Hassan, and Suzi Mirgani, along with James Reardon-Anderson, read the manuscript and offered invaluable advice and suggestions. I am grateful to research assistants Amie Hewka, Aiza Khan, and Mehaira Mahgoub for their help with the chronology of revolutions that appears near the end of the book. The manuscript also benefited greatly from perceptive comments and helpful suggestions by John Foran and Eric Selbin, two of today's most astute scholars of revolutions. Grateful acknowledgment also goes to Qatar Foundation, of which Georgetown University, Qatar is a member, for its support of research and various other scholarly endeavors.
