## Art Courses

### A Get Artistic

Teachers here always have ideas to get you drawing, painting and printing – but you can use your own material, too. The studio-based course focuses on portraits – you'll learn how to develop whatever you've brought, or use famous portraits, to create pictures of people. One-to-one sessions also available.

### C Art and imagination

If you like designing clothes, you'll enjoy learning to use special computer software here to create and print out designs for tops, shoes and hats that people would love to wear! You'll go home with a folder of work, perfect to present when applying for a higher-level art course. Individual classes also available.

### E More Art Now!

Improve how you paint people and places on this studio-based course. The teachers bring in work, ranging from photos to posters, to give you ideas. And use the studio website to show your work and exchange ideas with other students – useful for anyone wishing to study art at a higher level.

### G Do it yourself

Try making art to go with your stories here – working inside or outside! You'll get ideas from books showing famous paintings and cartoons, and then create and print pictures of people to accompany your stories, using digital design techniques. There's even one-to-one teaching if you'd prefer.

### B Art Attack!

Learn how to create pictures, perhaps based on your own writing, to put into a short book or poster, using simple techniques that don't require technology. Discover, too, how to put a book together, with a professional-looking cover designed and hand-printed by you. Perfect for anyone considering further studies in art.

### D Create!

Draw and paint in different situations – in the studio or even in the park! Gallery visits are also included, and you're taught how to base your work on studies of landscapes and portraits by well-known artists. Teachers also encourage you to experiment with various styles and methods.

### F Art Workshop

Do some drawings, in the studio or outside, or bring along your own. The teachers will then help you to turn them into wonderful printed designs, using simple methods you can try yourself after the course. You'll then transfer your designs onto cotton and silk, using special paints – perfect to use in sewing projects afterwards.

### H The Studio

Come and experiment with digital design. You'll get great ideas through research, then using special software, create your pictures and add details on screen, whether it's clothes, people, books or something to put on the wall. For each question, choose the correct answer.

**Our Great Ocean Road adventure**

by Donna Waverley

My family and I recently went to Australia, to see my grandparents. But before we visited them, we went sightseeing along the Great Ocean Road, on the Australian coast.

Dad had intended to drive, but even though he was used to driving miles without getting exhausted, he then read on

the website that the road wouldn't be an easy drive, with a number of sharp bends. Anyway, we thought he deserved to enjoy the fantastic views too, which he couldn't do as our driver. So instead, we persuaded him to book discount bus tickets and off we went.

Our first stop was where wild kangaroos lived – and Dad and I were taking a walk when a big one appeared! For a moment, it seemed to consider coming towards us, which made me slightly nervous – but then it went off along the road, stopping to check if we were following. Although it was with us a while, I was so excited I didn't even manage to pull out my camera. Then it looked back once more, and went off into the bushes.

That wasn't the only wildlife we saw. I thought it unlikely we'd see Australia's famous koala bears during our short visit, as I'd heard they were rare – but we weren't disappointed at our next stop. In fact, we discovered there were roughly six million in that area! Sadly, some gum trees they were in had very few leaves left, which people told us was because of the koalas, although I'd read that lack of water is actually the problem. Still, I guess they looked cute, and were easy to find – we just followed the tourists looking up into the trees!

Dad had booked a campsite for the night, with ready-made tents – for an adventure! I wasn't sure about that, but they were actually luxury tents, within walking distance of some famous rocks and other places we hoped to visit. However, Dad also said the sounds of wild creatures would help us sleep. That sounded worrying – until the 'wild creatures' turned out to be frogs! So I was embarrassed by my fears – and kept awake by the frogs! But we had fun making meals together – we'd brought food, as we knew there'd be nowhere to eat.

In fact, this whole trip was fantastic!
