ARISTOTLE’S ON THE SOUL

Aristotle’s On the Soul aims to uncover the principle of life, what Aristotle calls psuchē (soul). For Aristotle, soul is the form which gives life to a body and causes all its living activities, from breathing to thinking. Aristotle develops a general account of all types of living through examining soul’s causal powers. The thirteen new essays in this Critical Guide demonstrate the profound influence of Aristotle’s inquiry on biology, psychology and philosophy of mind from antiquity to the present. They deepen our understanding of his key concepts, including form, reason, capacity, and activity. This volume situates Aristotle in his intellectual context and draws judiciously from his other works as well as the history of interpretation to shed light on his intricate views. It also highlights ongoing interpretive debates and Aristotle’s continuing relevance. It will prove invaluable for researchers in ancient philosophy and the history of science and ideas.

CALEB M. COHOE is Professor of Philosophy at Metropolitan State University of Denver. He has published numerous articles on ancient philosophy in journals including Apeiron, the British Journal for the History of Philosophy, Philosophical Quarterly and Phronesis.

Contributors

Jason W. Carter is Assistant Professor in Philosophy at the Lehrstuhl für Philosophie III (Antike Philosophie), Ludwig-Maximilians-Universität München, Germany. His work on the DA and Aristotle’s engagement with his predecessors has appeared in Apeiron and Phronesis. He is the author of Aristotle on Earlier Greek Psychology: The Science of Soul (Cambridge University Press, 2019).

Caleb M. Cohoe is Professor of Philosophy at Metropolitan State University of Denver, Colorado. His work on Aristotle and nous has appeared in Apeiron, British Journal for the History of Philosophy, Philosophical Quarterly, and Phronesis.

Klaus Corcilius is Professor of Philosophy at the University of Tübingen, Germany. His most recent publications include, with Oliver Primavesi, Aristoteles. De motu animalium. Einführung, neuer griechischer Text von Oliver Primavesi, Übersetzung und Kommentar (Felix Meiner, 2018).

Christopher Frey is Associate Professor of Philosophy at the University of South Carolina. His work on Aristotle has appeared in Ancient Philosophy, Oxford Studies in Ancient Philosophy, Phronesis, and several edited volumes.

Jessica Gelber is Assistant Professor of Philosophy at the University of Toronto, Canada. Her work on Aristotle has appeared in Oxford Studies in Ancient Philosophy, Phronesis, and several edited volumes.

Katerina Ierodiakonou is Professor of Ancient Philosophy at the Department of History and Philosophy of Science of the University of Athens, Greece, and at the Department of Philosophy of the University of Geneva, Switzerland. She has edited collections of articles and published numerous papers on Aristotelian and Stoic logic, Hellenistic theories of knowledge, and ancient medicine.
List of Contributors

MARK A. JOHNSTONE is Associate Professor of Philosophy at McMaster University, Canada. His work on Aristotle’s theory of perception has appeared in the British Journal for the History of Philosophy, the Journal of the History of Philosophy, Oxford Studies in Ancient Philosophy, and Phronesis.

SEAN KELSEY is Associate Professor of Philosophy at the University of Notre Dame, Indiana. His work on Aristotle has appeared in Ancient Philosophy, Apeiron, Oxford Studies in Ancient Philosophy, Phronesis, and several edited volumes.

JESSICA MOSS is Professor of Philosophy at New York University. She is the author of Aristotle on the Apparent Good (Oxford University Press, 2012) and Plato’s Epistemology: Being and Seeming (Oxford University Press, 2020), as well as articles on psychology, ethics, and epistemology in Plato and Aristotle.

KRISANNA SCHEITER is Associate Professor of Philosophy at Union College, Schenectady. Her work on Aristotle has appeared in Phronesis, and she has served as a guest editor for a volume in Philosophia titled Ethics of Forgiveness and Revenge.

CHRISTOPHER SHIELDS is George N. Shuster Professor of Philosophy at the University of Notre Dame, Indiana and an honorary research fellow of Lady Margaret Hall, University of Oxford. He is the author of Aristotle’s De Anima, Translated with Introduction and Commentary (Oxford University Press, 2016), Aristotle (Routledge, 2007), and Order in Multiplicity: Homonymy in the Philosophy of Aristotle (Oxford University Press, 1999).

ROSEMARY TWOMEY is Assistant Professor of Philosophy at Queens College, CUNY. Her work on Aristotle has appeared in the Journal of Ancient Philosophy, Australasian Journal of Philosophy, and several edited volumes.
Acknowledgments

First and foremost, I thank all the contributors who produced the excellent scholarship that makes this volume what it is. I am also grateful to a number of others who offered comments or advice on various parts of the work, including Rachel Parsons, Daniel D. De Haan, Samantha Cohoe, and Samuel Baker. Finally, I thank my department at Metropolitan State University of Denver for supporting a 2018 conference in Denver, which allowed many of the participants in the volume to share early drafts of their work and exchange ideas.
