|-------|--------------------------------------------------------------------|----|
| 1     | <b>Introduction</b>                                                | 1  |
| 1.1   | Terminology                                                        | 1  |
|       | Procedure-Induced Anxiety (PIA)                                    | 1  |
|       | Operative Procedure-Induced Anxiety (OPIA)                         | 1  |
|       | Procedure-Induced Psychological Trauma (PIPT)                      | 1  |
|       | Post-procedure Dysfunctional Behaviour (PPDB)                      | 1  |
|       | Post-operative Dysfunctional Behaviour (PODB)                      | 1  |
| 1.2   | Anxiety, Fear and Fight/Flight                                     | 1  |
| 1.2.1 | Nature of the Anxiety State                                        | 2  |
| 1.2.2 | Threat until Proven Otherwise and Overwhelming Message: Non-threat | 3  |
| 1.3   | Why Some Children Manage Their Anxiety and Others Don't            | 4  |
| 1.3.1 | Coping Strategies                                                  | 4  |
| 1.4   | Resources                                                          | 6  |
| 1.5   | Operative Procedure-Induced Anxiety (OPIA)                         | 7  |
| 1.5.1 | Incidence of OPIA                                                  | 7  |
| 1.5.2 | Consequences of OPIA                                               | 7  |
| 1.5.3 | Short-Term                                                         | 7  |
| 1.5.4 | Long-Term                                                          | 8  |
| 1.5.5 | Life-Long?                                                         | 8  |
| 1.5.6 | Transgenerational                                                  | 9  |
| 1.6   | Post-operative Dysfunctional Behaviour: UK Statistics              | 9  |
| 1.7   | Critical Elements of Child–Clinician Interaction                   | 10 |
| 1.7.1 | Rapport                                                            | 10 |
| 1.7.2 | Trust                                                              | 10 |
|       | 1.7.3 Compassion                                                   | 11 |
|       | 1.7.4 Compliance/Coercion                                          | 12 |
|       | 1.7.5 Restraint                                                    | 12 |
|       | Key Points                                                         | 13 |
| 2     | <b>Emergent Management of Procedure-Induced Anxiety (PIA)</b>      | 14 |
| 2.1   | Core Principles                                                    | 14 |
| 2.1.1 | Altered State                                                      | 14 |
| 2.1.2 | Resistance                                                         | 14 |
| 2.1.3 | Mass Effect                                                        | 14 |
| 2.1.4 | Congruence                                                         | 14 |
| 2.2   | We All Communicate                                                 | 15 |
| 3     | <b>Non-verbal Communication</b>                                    | 16 |
| 3.1   | Proxemics                                                          | 16 |
| 3.1.1 | Intimate Distance                                                  | 17 |
| 3.1.2 | Personal Distance                                                  | 17 |
| 3.1.3 | Social Distance                                                    | 18 |
| 3.1.4 | Public Distance                                                    | 18 |
| 3.2   | Height                                                             | 19 |
| 3.3   | Eye Contact                                                        | 20 |
| 3.4   | Facial Expression                                                  | 21 |
| 3.5   | Head Movement                                                      | 21 |
| 3.6   | Posture                                                            | 22 |
| 3.6.1 | Tension and Relaxation                                             | 22 |
| 3.6.2 | Torso Angle                                                        | 22 |
| 3.6.3 | Open and Closed Posture                                            | 22 |
| 3.6.4 | Interactive Orientation                                            | 23 |
| 3.6.5 | Mirroring                                                          | 23 |
| 3.6.6 | Frame of Dominant Orientation                                      | 24 |
| 3.7   | Animation                                                          | 24 |
