

The Iran-U.S. Claims Tribunal, concerned principally with the claims of U.S. nationals against Iran, is the most important international claims tribunal to have sat in over half a century. Its jurisprudence is bound to make a uniquely important contribution to international law and, in particular, the law relating to aliens, treaty law, and international arbitral procedure. Volume 39 also contains the decisions of the Tribunal's appointing authority in four recent arbitrator challenges and, for the first time, includes the pleadings submitted by the parties and the challenged arbitrator. The series is the only complete and fully indexed report of the decisions of this unique Tribunal. These Reports are essential for all practitioners in the field of international claims, academics in private and public international law and comparative lawyers, as well as all Governments and law libraries. Each volume contains a detailed consolidated index and tables of cases covering the whole series to date.

LEE M. CAPLAN is a partner at Arent Fox in Washington DC specializing in international arbitration, international investment law, and public international law. He is also an adjunct professor at the Georgetown University Law Center. Prior to joining Arent Fox, he was a Legal Assistant at the Iran-United States Claims Tribunal and an attorney-adviser at the U.S. Department of State's Office of the Legal Adviser. He is the co-author (with the late Professor David Caron) of a leading arbitration treatise entitled *The UNCITRAL Arbitration Rules: A Commentary* (2006).

EDITORIAL NOTE

This series of Reports contains the texts of Decisions, Awards, Awards on Agreed Terms, Interim Awards, Interlocutory Awards, Interim and Interlocutory Awards, Selected Orders, Refusal Cases, and other materials emanating from the Iran-U.S. Claims Tribunal set up under the Claims Settlement Declaration to which the Governments of Iran and the United States adhered on 19 January 1981. The present volume contains material dated during the period 1 January 2010 to 31 December 2019.

All Decisions, Awards, Interim Awards, Interlocutory Awards and Refusal Cases are printed in these Reports. Procedural Orders are printed on a selective basis from the many thousands that have been issued by the Tribunal since its inception. Also, the Decisions of the Appointing Authority rendered in 2010 are included in this volume, along with related submissions.

Each volume contains a Consolidated Index and Tables of Cases for the whole series, as well as Tables of Cases for the volume itself.

Decisions and Awards of the Tribunal are issued in numerical sequence on the basis of the date on which they are filed. The intent of these Reports is to reproduce the texts in that chronological order. This is only departed from if it is felt that a decision of particular significance should be brought forward or if there is insufficient space in a particular volume for an unusually lengthy text. Separate Opinions of individual judges are included in the volume relevant to the year in which they were filed. The absence of an Opinion in a Decision or Award is indicated by a footnote at the beginning of the case referring the reader to the relevant volume in which the Opinion will be found.

It has been the policy of successive editors of these Reports to make no changes to the texts issued by the Tribunal or the Appointing Authority, or to related submissions. Editorial input to the texts is limited to two types. First, consistency has been sought in some small matters of style and layout, such as captions, headings and citation of Tribunal cases and decisions. Secondly, some editorial footnotes have been introduced. These are used to indicate the presence or absence of Opinions, to cross-reference previous Decisions and Awards of the Tribunal or Decisions of the Appointing Authority, and to add other points of information for the reader. These notes are indicated by the enclosure within square brackets of both the footnote indicator and the footnote itself, and original footnotes are renumbered accordingly.

ACKNOWLEDGMENTS

This volume has been prepared with the help of many people. Special thanks are due to Miss Maureen MacGlashan, CMG, for her work on the Consolidated Index and to Diane Valk-Schwab, Daniel Litwin, Steve Burke, and Shynelle Kissi for their work on gathering and formatting materials.
