 **At home**

How are you and your friends different?

 **Look.**  **Color.**  **Say.**

Row 1: A sequence of six irregular shapes. The first five are filled with white, black, white, black, and white respectively. The sixth is an outline of the same shape with a small black scribble on its left side.

Row 2: A sequence of six irregular shapes. The first three are filled with purple, the next two with orange, and the last one is an outline.

Row 3: A sequence of six irregular shapes. The first three are filled with black, the next two with gray, and the last one is an outline.

Row 4: A sequence of six irregular shapes. The first three are filled with white, the next two with orange, and the last one is an outline.

Row 5: A sequence of six irregular shapes. The first three are filled with gray, the next two with purple, and the last one is an outline.
