Cambridge University Press has no responsibility for the persistence or
accuracy of URLs for external or third-party internet websites referred to in
this publication and does not guarantee that any content on such websites is,
or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate
and up-to-date information that is in accord with accepted standards and
practice at the time of publication. Although case histories are drawn from
actual cases, every effort has been made to disguise the identities of the
individuals involved. Nevertheless, the authors, editors, and publishers can
make no warranties that the information contained herein is totally free
from error, not least because clinical standards are constantly changing
through research and regulation. The authors, editors, and publishers
therefore disclaim all liability for direct or consequential damages resulting
from the use of material contained in this book. Readers are strongly advised
to pay careful attention to information provided by the manufacturer of any
drugs or equipment that they plan to use.
