## The Cambridge Companion to the Rule of Law

*The Cambridge Companion to the Rule of Law* introduces students, scholars, and practitioners to the theory and history of the rule of law, one of the most frequently invoked – and least understood – ideas of legal and political thought and policy practice. It offers a comprehensive re-assessment by leading scholars of one of the world's most cherished traditions. This high-profile collection provides the first global and interdisciplinary account of the histories, moralities, pathologies and trajectories of the rule of law. Unique in conception, and critical in its approach, it evaluates, breaks down, and subverts conventional wisdom about the rule of law for the twenty-first century

**Jens Meierhenrich** is Associate Professor of International Relations at the London School of Economics and Political Science and previously taught at Harvard University. His books include *The Legacies of Law* (2008), *The Remnants of the Rechtsstaat* (2018), *The Violence of Law* (2021), and, as co-editor, *The Oxford Handbook of Carl Schmitt* (2016).

**Martin Loughlin** is Professor of Public Law at the London School of Economics and Political Science and previously taught at the University of Glasgow and at the University of Manchester. His books include *Sword and Scales* (2000), *The Idea of Public Law* (2003), *Foundations of Public Law* (2010), and, as co-editor, *The Paradox of Constitutionalism* (2007).
