Every effort has been made in preparing this book to provide
accurate and up-to-date information that is in accord with
accepted standards and practice at the time of publication.
Although case histories are drawn from actual cases, every effort
has been made to disguise the identities of the individuals involved.
Nevertheless, the authors, editors, and publishers can make no
warranties that the information contained herein is totally free
from error, not least because clinical standards are constantly
changing through research and regulation. The authors, editors,
and publishers therefore disclaim all liability for direct or
consequential damages resulting from the use of material
contained in this book. Readers are strongly advised to pay careful
attention to information provided by the manufacturer of any
drugs or equipment that they plan to use.
