Cambridge University Press & Assessment has no responsibility for the persistence or accuracy of URLs for external or third-party internet websites referred to in this publication and does not guarantee that any content on such websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and up-to-date information that is in accord with accepted standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the authors, editors, and publishers can make no warranties that the information contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The authors, editors, and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.

Contents

List of Contributors   vii

Section I Hormones in the Physiology and Pharmacology of Pregnancy

1

The Neuroendocrinology of Pregnancy

1

Silvia Vannuccini, Irene Paternò, John R. G. Challis, and Felice Petraglia

2

The Placenta as an Endocrine Organ/ Placental Endocrinology

13

Roger Smith

3

The Role of Oxytocin in Pregnancy

20

Kiichiro Furuya and Richard Ivell

4

The Role of Human Chorionic Gonadotropin in Pregnancy

33

Keiichi Kumasawa and Yutaka Osuga

5

The Role of Estrogens in Pregnancy

42

Nadia Berkane, Yveline Ansaldi, and Nicola Pluchino

6

The Role of Progesterone in Pregnancy

50

Sam Mesiano

7

Hormones and Cardiovascular Systems in Pregnancy

61

Daniele Farsetti and Herbert Valensise

Section II Hormones and Gestational Disorders

8

Prolactin, Prolactinoma, and Pregnancy

73

Dominique Maiter and Philippe Chanson

9

Growth Hormone Disorders in Pregnancy

87

Marie Helene Schernthaner-Reiter, Greisa Vila, Peter Wolf, and Anton Luger

10

Gestational Diabetes

91

Serena Ottanelli, Federico Mecacci, and Moshe Hod

11

Obesity and Metabolic Syndrome in Pregnancy

107

Kent L. R. Thornburg, Amy M. Valent, Nicole E. Marshall, and Jonathan Q. Purnell

12

Hormones and Pre-term Birth

120

Emily M. Frier, Sarah J. Stock, Stephen Lye, and Oksana Shynlova

13

Thyroid Dysfunction in Pregnancy and Postpartum

140

Luigi Bartalena, Eliana Piantanida, Adriana Lai, and Maria Laura Tanda

14

The Role of Hormones in Hypertensive Disorders of Pregnancy

151

Leslie Myatt and James M. Roberts

15

Adrenal Disease in Pregnancy

164

Jack Lockett, Warrick Inder, David H. McIntyre, Helen L. Barrett, Sailesh Kumar, and Vicki Lee Clifton

16

Hormones and Multiple Pregnancy

183

Viola Seravalli, Noemi Strambi, and Mariarosaria Di Tommaso

17

Hormones in Pregnancy and the Developmental Origins of Health and Disease

189

John R. G. Challis, Felice Petraglia, Deborah M. Sloboda, Victor K. M. Han, and Judith G. Hall

Contributors

**Yveline Ansaldi**  
Division of OB/GYN, University Hospital of Geneva, Switzerland

**Helen L. Barrett**  
Obstetric Medicine Department, The Royal Hospital for Women, Randwick, Australia

**Luigi Bartalena**  
Department of Medicine & Surgery, University of Insubria, Italy

**Nadia Berkane**  
Division of OB/GYN, University Hospital of Geneva, Switzerland

**John R. G. Challis**  
Departments of Physiology, Obstetrics, and Gynecology, University of Toronto; Faculty of Health Sciences, Simon Fraser University, British Columbia

**Philippe Chanson**  
Université Paris-Saclay, Inserm, Physiologie et Physiopathologie Endocriniennes, Assistance Publique-Hôpitaux de Paris, Hôpital Bicêtre, Department of Endocrinology and Reproductive Diseases, National Reference Center for Rare Pituitary Diseases (HYPO), Le Kremlin-Bicêtre, France

**Vicki Lee Clifton**  
Mater Research Institute, Faculty of Medicine, The University of Queensland, Australia

**Mariarosaria Di Tommaso**  
Department of Health Sciences, Division of Obstetrics and Gynecology, University of Florence, Italy

**Daniele Farsetti**  
Policlinico Casilino, University of Rome, Italy

**Emily M. Frier**  
Clinical Research Fellow and Specialist Registrar in Obstetrics and Gynecology, MRC Centre for Reproductive Health, Queen’s Medical Research Institute, The University of Edinburgh, Scotland

**Kiichiro Furuya**  
School of Biosciences, University of Nottingham; Department of Obstetrics and Gynecology, Rinku General Medical Centre, UK

**Victor K. M. Han**  
Division of Neonatal-Perinatal Medicine, Department of Pediatrics, Children’s Health Research Institute, Western University, Canada

**Judith G. Hall**  
Departments of Medical Genetics and Pediatrics, University of British Columbia, British Columbia

**Moshe Hod**  
Mor Women Health Care Center, Tel Aviv University, Israel

**Warrick Inder**  
Department of Diabetes and Endocrinology, Princess Alexandra Hospital; Academy for Medical Education, Faculty of Medicine, The University of Queensland, Australia

**Richard Ivell**  
School of Biosciences, Sutton Bonington Campus, University of Nottingham, UK

**Sailesh Kumar**  
Mayne Professor of Obstetrics & Gynecology, Head of Mayne Academy of Obstetrics and Gynaecology, Faculty of Medicine, The University of Queensland; Mater Clinical School-University of Queensland, Mater Health Services, Australia

List of Contributors

**Keiichi Kumasawa**

Department of Obstetrics and Gynecology,  
Faculty of Medicine, The University of Tokyo,  
Japan

**Adriana Lai**

ASST dei Sette Laghi, Ospedale di Circolo, Italy

**Jack Lockett**

Department of Diabetes and Endocrinology,  
Princess Alexandra Hospital; Princess Alexandra-  
Southside Clinical Unit and Mater Research  
Institute, Faculty of Medicine, The University of  
Queensland, Australia

**Anton Luger**

Department of Medicine III, Medical University  
of Vienna, Italy

**Stephen Lye**

Executive Director Alliance for Human  
Development, Scotia Bank Scientist in Child and  
Adolescent Health, Lunenfeld-Tanenbaum Research  
Institute, Sinai Health System; Departments of  
Obstetrics and Gynecology, Physiology and  
Medicine, University of Toronto, Canada

**Dominique Maiter**

Department of Endocrinology and Nutrition,  
Cliniques Universitaires Saint Luc, Université  
Catholique de Louvain, Brussels, Belgium

**Nicole E. Marshall**

Department of Obstetrics and Gynecology,  
Oregon Health & Science University, Portland,  
Oregon, USA

**David H. McIntyre**

Head of Mater Clinical Unit, Faculty of Medicine,  
The University of Queensland, Australia

**Federico Mecacci**

Department of Health Sciences, University of  
Florence, Obstetrics and Gynecology, Careggi  
University Hospital, Italy

**Sam Mesiano**

William H. Weir MD Professor of Reproductive  
Biology, Department of Reproductive Biology,  
Cleveland, Ohio, USA

**Leslie Myatt**

Department of Obstetrics & Gynecology, Oregon  
Health & Science University, Portland, Oregon,  
USA

**Yutaka Osuga**

Department of Obstetrics and Gynecology,  
Faculty of Medicine, The University of Tokyo,  
Japan

**Serena Ottanelli**

Department of Health Sciences, University of  
Florence, Obstetrics and Gynecology, Careggi  
University Hospital, Italy

**Irene Paternò**

Department of Experimental, Clinical, and  
Biomedical Sciences, University of Florence,  
Careggi University Hospital, Italy
