Every effort has been made in preparing this book to provide accurate and up-to-date information
 that is in accord with accepted standards and practice at the time of publication. Although case histories
 are drawn from actual cases, every effort has been made to disguise the identities of the
 individuals involved. Nevertheless, the authors, editors, and publishers can make no warranties that the
 information contained herein is totally free from error, not least because clinical standards are
 constantly changing through research and regulation. The authors, editors, and publishers therefore
 disclaim all liability for direct or consequential damages resulting from the use of material contained in
 this book. Readers are strongly advised to pay careful attention to information provided by the
 manufacturer of any drugs or equipment that they plan to use.
