

## Index

- A-binding, 151–3
- A-movement, 216–17
- A-positions, 151–3
- acceptability
  - and grammaticality, 35–6, 55
  - native-speaker competence, 12, 217–18
  - pro-form test, 84–5
  - relative clauses, 27–8
- accusative, 105, 131
- accusative objects, 39
- accusative singular, 39
- active–passive pairs, 102–4
- Adjective Phrase (AP)
  - constituency tests, 69–75
  - syntactic diagnostics, 40
- adjectives
  - internal arguments, 184–5
  - lexical categories, 36
  - morphological diagnostics, 39
- adjunction transformations, 121
- adjuncts, 65, 95–6
- adpositions, 36–7
- adverbs, 39
  - lexical categories, 36
  - word order, 159
- Agent (argument structure), 102
- agreement
  - functional categories, 37–8
  - wh-movement, 109–11
- anaphors, 131–41
- antecedent–anaphor relations, 132–41
- antecedents, 63–71
- arbitrary implicit argument, 193–4
- argument structure, 102–104, 184–5
- artificial languages, 4–7
- auxiliaries, 39–42
  - child language, 201
  - subject-auxiliary inversion, 90, 101–2
  - types of movement rules, 100–4
  - wh-movement, 109–11
  - X'-theory, 89–90
- binding, 130
  - anaphors, 132–41
  - the binding principles, 144–6
- coindexing, 131–2
  - pronouns, 130–2, 142–3
  - R-expressions, 143–4
  - variables, principle C and movement, 146–53
- bleeding order, 200
- body language, 6–7
- bracketing *see* labelled bracketing
- branches (tree diagrams), 46
- building rules, 100
- building structure, 119
  - see also* Phrase-Structure rules
- case (in English), 130–1
- case marking, 39
- Catalan, 8
- categorial features, 86
- categories, 36
  - identification of, 44
  - lexical and functional, 36
  - morphological diagnostics for, 38–9
  - phonological diagnostics, 42
  - and semantics, 42–3
  - syntactic diagnostics, 39–42
- causative reading, 107–8
- centre-embedding, 27–30
- child language, 201
- Chinese
  - V-to-T movement, the Head Parameter and wh-movement, 175–6
  - wh-movement, 172–4, 206–8
- classifiers, 157
- clause structure, 216
- clause type, 110–11
- clauses, 23–4
  - wh-movement, 109–11
  - X'-theory and functional categories, 87–95
- clefting, 61–3
- cognitive perspective on language, 9–12
- coindexing, 131–2, 134
- competence
  - native speakers, 12, 217–18
  - and performance, 30
- complement-clause structure, 57–9
- Complementiser Phrase (CP), 94–5, 110

- complements
