Clinical Nursing Skills
An Australian perspective

Clinical Nursing Skills provides students with a strong, industry-focused foundation in nursing across various clinical settings. It includes the essential theory as well as relevant practical examples, which illustrate the skills required to prepare students for the workplace and help them achieve clinical competence.

Each chapter is written by academics who are leaders in their field. Topics are based on the national standards for practice, and provide a connection to the profession by linking knowledge, understanding and practice. The learning experience is supported by superior pedagogical features, including:

- learning objectives
- reflective questions
- clinical tips
- full-colour images
- in-situ troubleshooting case studies
- skills in practice case studies
- key terms and definitions
- research topics for further study.

Clinical Nursing Skills is a highly practical and authoritative resource designed to educate the next generation of nurses and equip them with best-practice skills as they enter the workforce.

Purchase this book to gain access to your complementary VitalSource e-book. Fully integrated with the print book, this enhanced version of Clinical Nursing Skills houses homework assignments, tutorial assistance, guided solutions and additional content in one convenient resource, which you can download to your computer or mobile device.

3 An introduction to evidence-based practice in nursing

Alan Pearson

Introduction 44
Clinical decision-making in nursing 44
Evidence-based nursing 47
Evidence for nursing practice 51
Developing answerable clinical questions 53
Finding the evidence 55
Evaluating the evidence 60
Implementing evidence in practice 63
Summary 66
Review questions 68
Research topics 68
Further reading 68
References 68

Part II: Communication and assessment

4 Interpersonal communication skills

Jane Stein-Parbury

Introduction 74
The dynamics of interpersonal communication 74
The nursing practice context of interpersonal communication 77
The skills of interpersonal communication 78
Communicating with patients 84
Communicating with colleagues 86
Written communication 87
Summary 88
Review questions 89
Research topic 89
Further reading 89
References 90

5 Patient assessment

Suzanne Robertson-Malt, Deborah Norton-Westwood and Alan Pearson

Introduction 94
Defining assessment 94
Medical assessment and nursing assessment 96
Physical assessment 98
What are vital signs and why are they important? 104
Summary 116
Review questions 117
Research topics 117
Part III: Fundamental skills for patient care

6 Infection prevention and control
Peta-Anne Zimmerman, Thea van de Mortel, Marilyn Cruickshank and Ramon Z. Shaban

Introduction
Foundations of infection prevention and control
The microbiological basis of infectious diseases
Risk assessment
Types of healthcare-associated infections
Behavioural aspects of infection prevention and control
Emerging infectious diseases
Practices
Healthcare worker safety
Summary
Review questions
Research topics
Further reading

Contributors

Jacqueline Bloomfield is Associate Dean (Education) in the Sydney Nursing School at the University of Sydney. She is a registered nurse and senior academic, and has clinical experience in the fields of haemato-oncology, oncology and palliative care in Australia and the United Kingdom.

Sally Bristow (BN, R.N. Grad. Dip. Mid. RM; MN) is a Lecturer in Nursing at the University of New England, Armidale, New South Wales. She has over 20 years of clinical and health service management experience, and has a passion for Aboriginal health, in particular chronic disease and renal nursing. She has extensive experience in haemodialysis.

Nikki Brown is the Nurse Manager, Education at Tresillian Family Care Centres. She has extensive experience in children's nursing in health care and the higher education sector.

Kate Cameron (RN, PhD) is a Lecturer in the School of Nursing, University of Adelaide. She is also the acting Professional Nurse Lead for the South Australian Cancer Service. Kate's professional experience over the past 25 years encompasses clinical roles in haematology/bone marrow transplantation and medical oncology at Royal Adelaide Hospital, and management and supportive care roles at the Cancer Council SA.

Chris Christensen (MEdM, BEd, DipTeach) is a public servant in the South Australian Department of the Premier and Cabinet, currently on extended leave. She is Deputy Chair of Cancer Voices South Australia.

Marilyn Cruickshank is a Professor in the School of Nursing and Midwifery, Griffith University, Queensland, Present-elect of the Australasian College of Infection Prevention and Control, and Director of the national HAI program at the Australian Commission on Safety and Quality in Healthcare. She is a registered nurse and a member of the Australian Scientific and Technical Advisory Group (ASTAG), and formerly Chair of the AMR Standing Committee.

Julie Dally (RN, BN, MN, MACN, GCUT, GCACN) is a Lecturer in the School of Nursing and Midwifery at the University of Notre Dame. Julie began nursing over 25 years ago, and has practised across various areas in both city and country facilities.

Colleen Doyle (PhD) is a psychologist and Professor of Aged Care at the Australian Catholic University.

Terri Dunstan is a Transfusion Clinical Nurse Consultant who works across Monash Health sites.

Monika Ferguson is a Research Associate with the Mental Health and Substance Use Research Group in UniSA's School of Nursing and Midwifery. She has a strong interest in promotion and prevention approaches to mental health, particularly for vulnerable groups, including people living in rural and remote areas, Aboriginal Australians, and young people. She is also interested in interdisciplinary collaborations in mental health research.
Brigid Gillespie is a Professor with the NHMRC Research Centre for Clinical Excellence in Nursing Interventions for Hospitalised Patients (NCREN) and the Menzies Health Institute, Queensland (MHIQ) at Griffith University, Gold Coast. She has an extensive background in operating room nursing, and was awarded the 2014–16 Excellence in Perioperative Nursing Award.

Janet Green is a neonatal nurse with over 25 years of clinical experience at the Children’s Hospital at Westmead, Sydney, Australia. She coordinates the postnatal neonatal and paediatric nursing programs at the University of Technology Sydney.

Benjamin Hay is a Senior Lecturer in the School of Nursing and Midwifery at the University of Notre Dame, Fremantle. Benjamin has more than 15 years of critical care nursing experience, specialising in Intensive Care within many clinical and teaching roles.

David Jackson taught at the Australian Catholic University (ACU) and now works at the National Ageing Research Institute (NARI) as a Research Officer.

Elica Kunst is a registered nurse and a Lecturer in the School of Health and Human Sciences at Southern Cross University. She practices in Emergency Care.

Richard Lakeman is a clinical nurse consultant working in a busy emergency department in Queensland. He has worked as mental health nurse, teacher and researcher in Australia, New Zealand and Ireland. Richard is a Fellow of the Australian College of Mental Health Nurses.

Liz Mackey is a Stroke Nurse Practitioner at Western Health in Melbourne.

Dorothy Manwa (RN, MHlthSc) is a registered nurse and regional manager of residential aged care services at Villa Maria Catholic Homes.

William McGuinness is Associate Professor and Head of the School of Nursing and Midwifery, La Trobe University and Head of the La Trobe Alfred Clinical School, Alfred Health. He is the immediate past president of the Australian Wound Management Association (AWMA) and a member on the Victorian state government’s Ministerial Advisory Council on Nursing and Midwifery. He was made a Fellow of AWMA in 2014 and a life member of AWMA (Vic) in 2015.

Christine Michael is a Transfusion Nurse Consultant at Monash Health, one of the largest metropolitan health services in Melbourne. She has worked for more than 25 years across a range of nursing specialties in both public and private hospitals and the Australian Red Cross Blood Service.

Deborah Norton-Westwood (PhD, RN) is the Manager of Evidence-based Healthcare and Research at Sidra Medical & Research Center in Doha, Qatar.

Alan Pearson (AM, ONC, DipNEd, MSc, PhD, FR.CNA, FCN, FAAG, FR.CN) is Emeritus Professor of Evidence Based Health Care at the University of Adelaide. He has extensive experience in clinical practice in the United Kingdom, the United States, Papua New Guinea and Australia. Professor Pearson was the foundation Executive Director of the Joanna Briggs Institute. He was appointed a Member of the Order of Australia (AM) in the Australia Day Honours List in 2010.

Anne Pegram is a Lecturer in the Faculty of Nursing and Midwifery, King’s College, London. She has had many years of experience in teaching and assessing clinical skills in the university and clinical settings.

Nicholas Procter is Chair of Mental Health Nursing and Convener of UniSA’s Mental Health and Substance Use Research Group, Sansom Institute for Health Research. With a background in both general and mental health nursing, Professor Procter is a Member of the Australian College of Mental Health Nurses.
Suzanne Robertson-Malt is Director of Clinical Education, Magnet & EBP with Cleveland Clinic, Abu Dhabi. She has extensive experience in clinical practice in Australia, Saudi Arabia, Qatar and North America.

Kylie Rushford is Senior Scientist in charge of the transfusion laboratory at Monash Health in Melbourne. She has extensive experience in transfusion laboratory practice in public and private settings, and is a member of the advisory committee of the Blood Matters program of the Victorian Department of Health and Human Services.

Ramon Z. Shaban (RN, CICP, EMT-P, BSc, BN, PGDipPH&TM, Grad Cert InfeCon, MCHHealthPrac(Hons), Med, PhD, FACN, FCENA) is Clinical Chair and Professor of Infection Prevention and Control at Griffith University and the Gold Coast Hospital and Health Service, Queensland. He is also Director of the Griffith Graduate Infection Prevention and Control Programs at Griffith University.

Zaneta Smith (RN, BN, PG Dip (Clin Prac), M Nurs (Clin Prac with Distinction), Cert IV Business, PhD, FACORN) has worked in the perioperative nursing environment for 21 years and has obtained postgraduate qualifications and gained experience in all facets of perioperative nursing within the public and private sectors. She completed her PhD on the experiences of Australian perioperative nurses participating in multi-organ procurement surgery. Currently, she is working as an Independent Perioperative Nursing Consultant.

Jane Stein-Parbury is Professor of Mental Health Nursing in the Faculty of Health, University of Technology Sydney. She has more than 35 years of experience in mental health as a registered nurse, in acute care, in consultation liaison services and in academia.

Thea van de Mortel (RN, PhD, MHlthSc, BSc.(Hons), Dip Nursing, IC Cert) is a registered nurse and scientist, and teaches infection prevention and control for community and public health, and microbiology, in the Griffith University Graduate Infection Prevention and Control program.

Rhonda Wilson (RN BNSc MNurs(Hons) PhD) is a Lecturer in Mental Health Nursing at the University of New England, Armidale, New South Wales. She has diverse clinical nursing experience in rural and regional communities throughout Australia.

Erica Wood is a Transfusion Medicine Specialist and Head of the Transfusion Research Unit at DEPM. She works as a Consultant Haematologist at Southern Health and holds Honorary Consultant Haematologist appointments at the Royal Melbourne Hospital and Peter MacCallum Cancer Centre. Erica is a member of the World Health Organization’s Expert Advisory Panel on Transfusion Medicine, and has served as a WHO regional adviser in blood safety. She is the current President of the Australian and New Zealand Society of Blood Transfusion and a member of the International Society of Blood Transfusion Board of Directors and its working parties on haemovigilance and transfusion-transmissible diseases.

Peta-Anne Zimmerman is a faculty member of the Griffith Graduate Infection Prevention and Control Program at Griffith University, Queensland, an associate member of the Menzies Health Institute Queensland, and Visiting Research Fellow at the Department of Infection Control at Gold Coast Hospital and Health Service. Her experience includes consultancy work with the World Health Organization (WHO), AusAID, the Asian Development Bank (ADB), the Secretariat of the Pacific Communities (SPC), the Albion Centre and as a member of the WHO SARS Response Team.
Contributors

Thembelihle Mathe (R.N, B.N, M.P.H) is a Clinical Nurse Specialist, Armidale Rural Referral Hospital, Hunter New England Health, New South Wales, Australia.

Kerry Rologas is a Bachelor of Nursing candidate at the University of New England, Armidale.

Riley Wheeldon is a Bachelor of Nursing Student at the University of New England, Armidale.

Sophie Wilson is a Bachelor of Nursing student at UNE at the University of New England, Armidale.

Chris Zhu is a Master of Nursing Practice student (pre-registration candidate at the University of New England, Armidale.)
