Abbreviated Mental Test 479
 abuse of elderly patients 271, 479
 Academy of Medical Royal Colleges
 15, 114, 115, 137, 415
 accident and emergency services 101,
 112, 114, 116, 493
 accessing mainstream health
 services through 109
 acute psychosis 108–9
 delirium/toxic states 107–8
 ‘did not wait’ patients 110–11
 frequent attenders 110
 see also self-harm
 hours of operation 430, 431
 mental health legislation 109
 multiple choice questions 472, 475
 service delivery 114–15
 service models 429–32
 suicidal behaviour 107
 violence/aggression 111–14
 accreditation schemes 438
 acquired brain injury 159–60, 177–80,
 178, 465
 action cards 261–2
 activity scheduling 401
 acute confusional states 211–13
 see also delirium
 acute medical units 136
 acute trusts 443
 Addison’s disease 306
 adjustment disorder 143, 311, 401, 409
 cancer 188, 194
 classification/diagnosis 30–2, 31

HIV infection 333–4
 surgery 155
 Adult Attachment Interview 73
 AEDs (anti-epileptic drugs) 125
 affective dysprosody 166–7, 464
 ‘ageless’ services 430
 aggression, patient 111–14, 159, 180,
 235
 aging 281
 see also elderly patients
 agitation 180
 AIDS *see* HIV infection
 alcohol misuse 87–93, 474, 475
 accident and emergency services
 108, 429, 430
 amnesic disorders 176–7
 assessment 147
 and cancer 187, 193
 delirium 144
 dementia 176
 detection 88–9
 elderly patients 86–7, 281, 282
 history-taking 138–9
 hospital *v.* community statistics 265
 intoxication 89–90
 management 92–3
 perinatal psychiatry 118, 121
 presentation 87–8
 service development 446
 surgery 155
 systems audit 416, 419, 420, 424–5
 withdrawal symptoms 90–2
Alcohol – Can the NHS Afford It? (Royal
 College of Physicians) 448
 alertness, neuropsychiatric assessment
