Every effort has been made in preparing this book to provide accurate and up-to-date information that is in
 accord with accepted standards and practice at the time of publication. Although case histories are drawn from
 actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the
 authors, editors, and publishers can make no warranties that the information contained herein is totally free
 from error, not least because clinical standards are constantly changing through research and regulation. The
 authors, editors, and publishers therefore disclaim all liability for direct or consequential damages resulting
 from the use of material contained in this book. Readers are strongly advised to pay careful attention to
 information provided by the manufacturer of any drugs or equipment that they plan to use.
